LEVEL CROSSING REMOVAL UPDATE

CAULFIELD TO DANDENONG
CORRIGAN / HEATHERTON /
CHANDLER

MARCH 2018

Works are completed to remove dangerous and congested level crossings at Corrigan, Heatherton and Chandler roads. Noble Park Station is now operational as works continue on the brand new station.

Level crossings gone, station open

The project team kicked off 2018 with a mammoth construction blitz that saw the boom gates removed from Corrigan, Heatherton and Chandler roads level crossings and the first trains run through the new Noble Park Station.

We enjoyed the opportunity to celebrate this milestone with the community at our event on 24 February.

We'd like to thank the Noble Park Rotary Club, the Noble Park CFA and the City of Greater Dandenong for their help and support in making this event a success.

The next phase

This month, our focus will be shifting to the next phase of construction—the creation of the new linear park.

The old rail lines are being removed, so the team can begin construction of the open space.

Earthworks will soon begin to remove the top layer of soil in the area so we can form a stable foundation for the landscaping that will follow.

Key features of the linear parkland include a 17 kilometre walking/cycling path extending from Caulfield to the East Link Trail, seven new community recreational areas and an off-leash dog park near Ross Reserve.

Additionally, throughout the corridor we will be installing more than 400 brand new car parks and planting more than 30,000 new trees and shrubs.

The new Noble Park Station.

Upcoming disruptions

We're working hard to minimise disruptions for residents, commuters, local businesses and shoppers wherever possible. However, there will be some disruptions including the following:

Rail

- Buses will replace trains between Caulfield and Westall from 8:00pm until the last service each night from Monday 26 March to Thursday 29 March 2018.
- Buses will replace trains between Oakleigh and Dandenong from 12:30am Friday 30 March until the last service on Monday 2 April 2018.
- Buses will replace trains between Caulfield and Westall from the first service Tuesday 3 April until the last service on Sunday 15 April 2018.

Road

Corrigan Road, Noble Park

- Corrigan Road, Noble Park, will be closed at the train line from 6am 19 March to 6am 27 March 2018 for track removal and road resurfacing. Minor delays can be expected. Please detour via Lightwood Road, Kelvinside Road and Heatherton Road.

Mons Parade, Noble Park

- Until April 2018, Mons Parade will close intermittently on selected days and nights between Heatherton Road and Ian Street to enable the completion of Noble Park Station. On-street car parking on Ian Street may be affected at times.

Key features of the linear parkland include a 17 kilometre walking/cycling path extending from Caulfield to the East Link Trail, seven new community recreational areas and an off-leash dog park near Ross Reserve.

What's next

To minimise disruptions, we opened the new station as soon as it became operational.

Noble Park Station is operational.

Lifts were successfully installed, station platforms have been completed and the station forecourt has been paved. The project team will continue to add the finishing touches to the station.

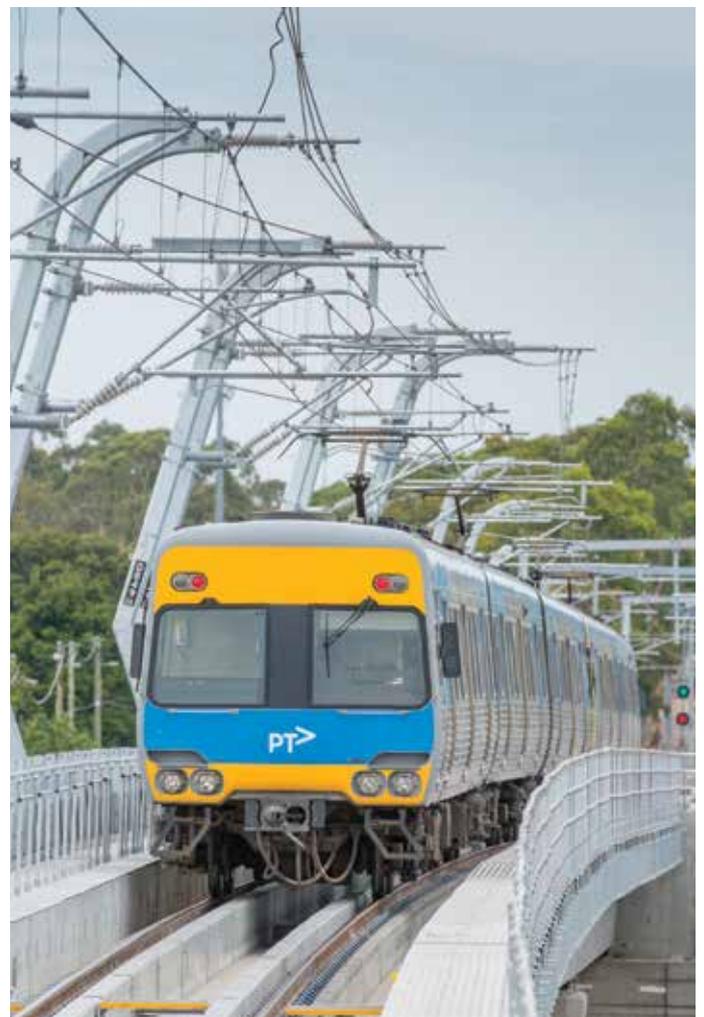

Further works happening around Noble Park include the demolition of the old Noble Park Station and the removal of the Douglas Street underpass. Work will also begin on the two ground level buildings at the new Noble Park Station.

Victoria's Big Build

Victoria is currently in a transport construction boom with 29 major road and rail projects being built.

Victoria's Big Build website provides information about travel disruptions for the major projects.

Walking tours – back by popular demand

We were thrilled with the overwhelming interest in our Caulfield to Dandenong walking tours in January and February.

We want to make sure that everyone who is interested in these tours doesn't miss out, so we've started an online register where you can express your interest in advance.

How do I register for future tours?

Email your name, phone number and which areas of the project you would be interested in seeing to contact@levelcrossings.vic.gov.au

Once enough people have registered interest, we will be in contact with the details of the next tour.

Info Hub

We are sad to announce that the Information Hub has now left Noble Park. We have enjoyed having the opportunity to talk to Noble Park residents face-to-face about the project over the past year.

The hub is now located in Clayton and is open 9am-5pm every Monday and Wednesday and from 9am-12noon every second Saturday.

Project timeline

- ✓ **October 2016**
 Foundation works to strengthen the ground commenced
- ✓ **December 2016**
 Noble Park Station design released
- ✓ **February 2017**
 First piers installed
- ✓ **April 2017**
 First beams installed
- ✓ **June 2017**
 Foundation works completed
- ✓ **July 2017**
 Beams installed over Corrigan Road
 Installation of parapets commenced
- ✓ **September 2017**
 All piers installed
 Construction on Noble Park Station platform commenced
 Beams installed over Heatherton and Chandler Roads
- ✓ **October 2017**
 100% of beams installed
 Bridge deck over Mile Creek rebuilt
 Installation of Noble Park platform completed
- ✓ **November – December 2017**
 Embankment construction commenced
 Laying of elevated rail commenced
- ✓ **February 2018**
 Commence installation of rail signalling
 Noble Park Station operational
Level crossings removed at Corrigan, Heatherton and Chandler roads
 Track and signalling complete
- **Mid – late 2018**
 Open space landscaping complete
 Bicycle and pedestrian path complete
