

# WELCOME TO YOUR NEW ROSANNA STATION

## Welcome to your brand new Rosanna Station, built as part of the the Hurstbridge Rail Line Upgrade Project.

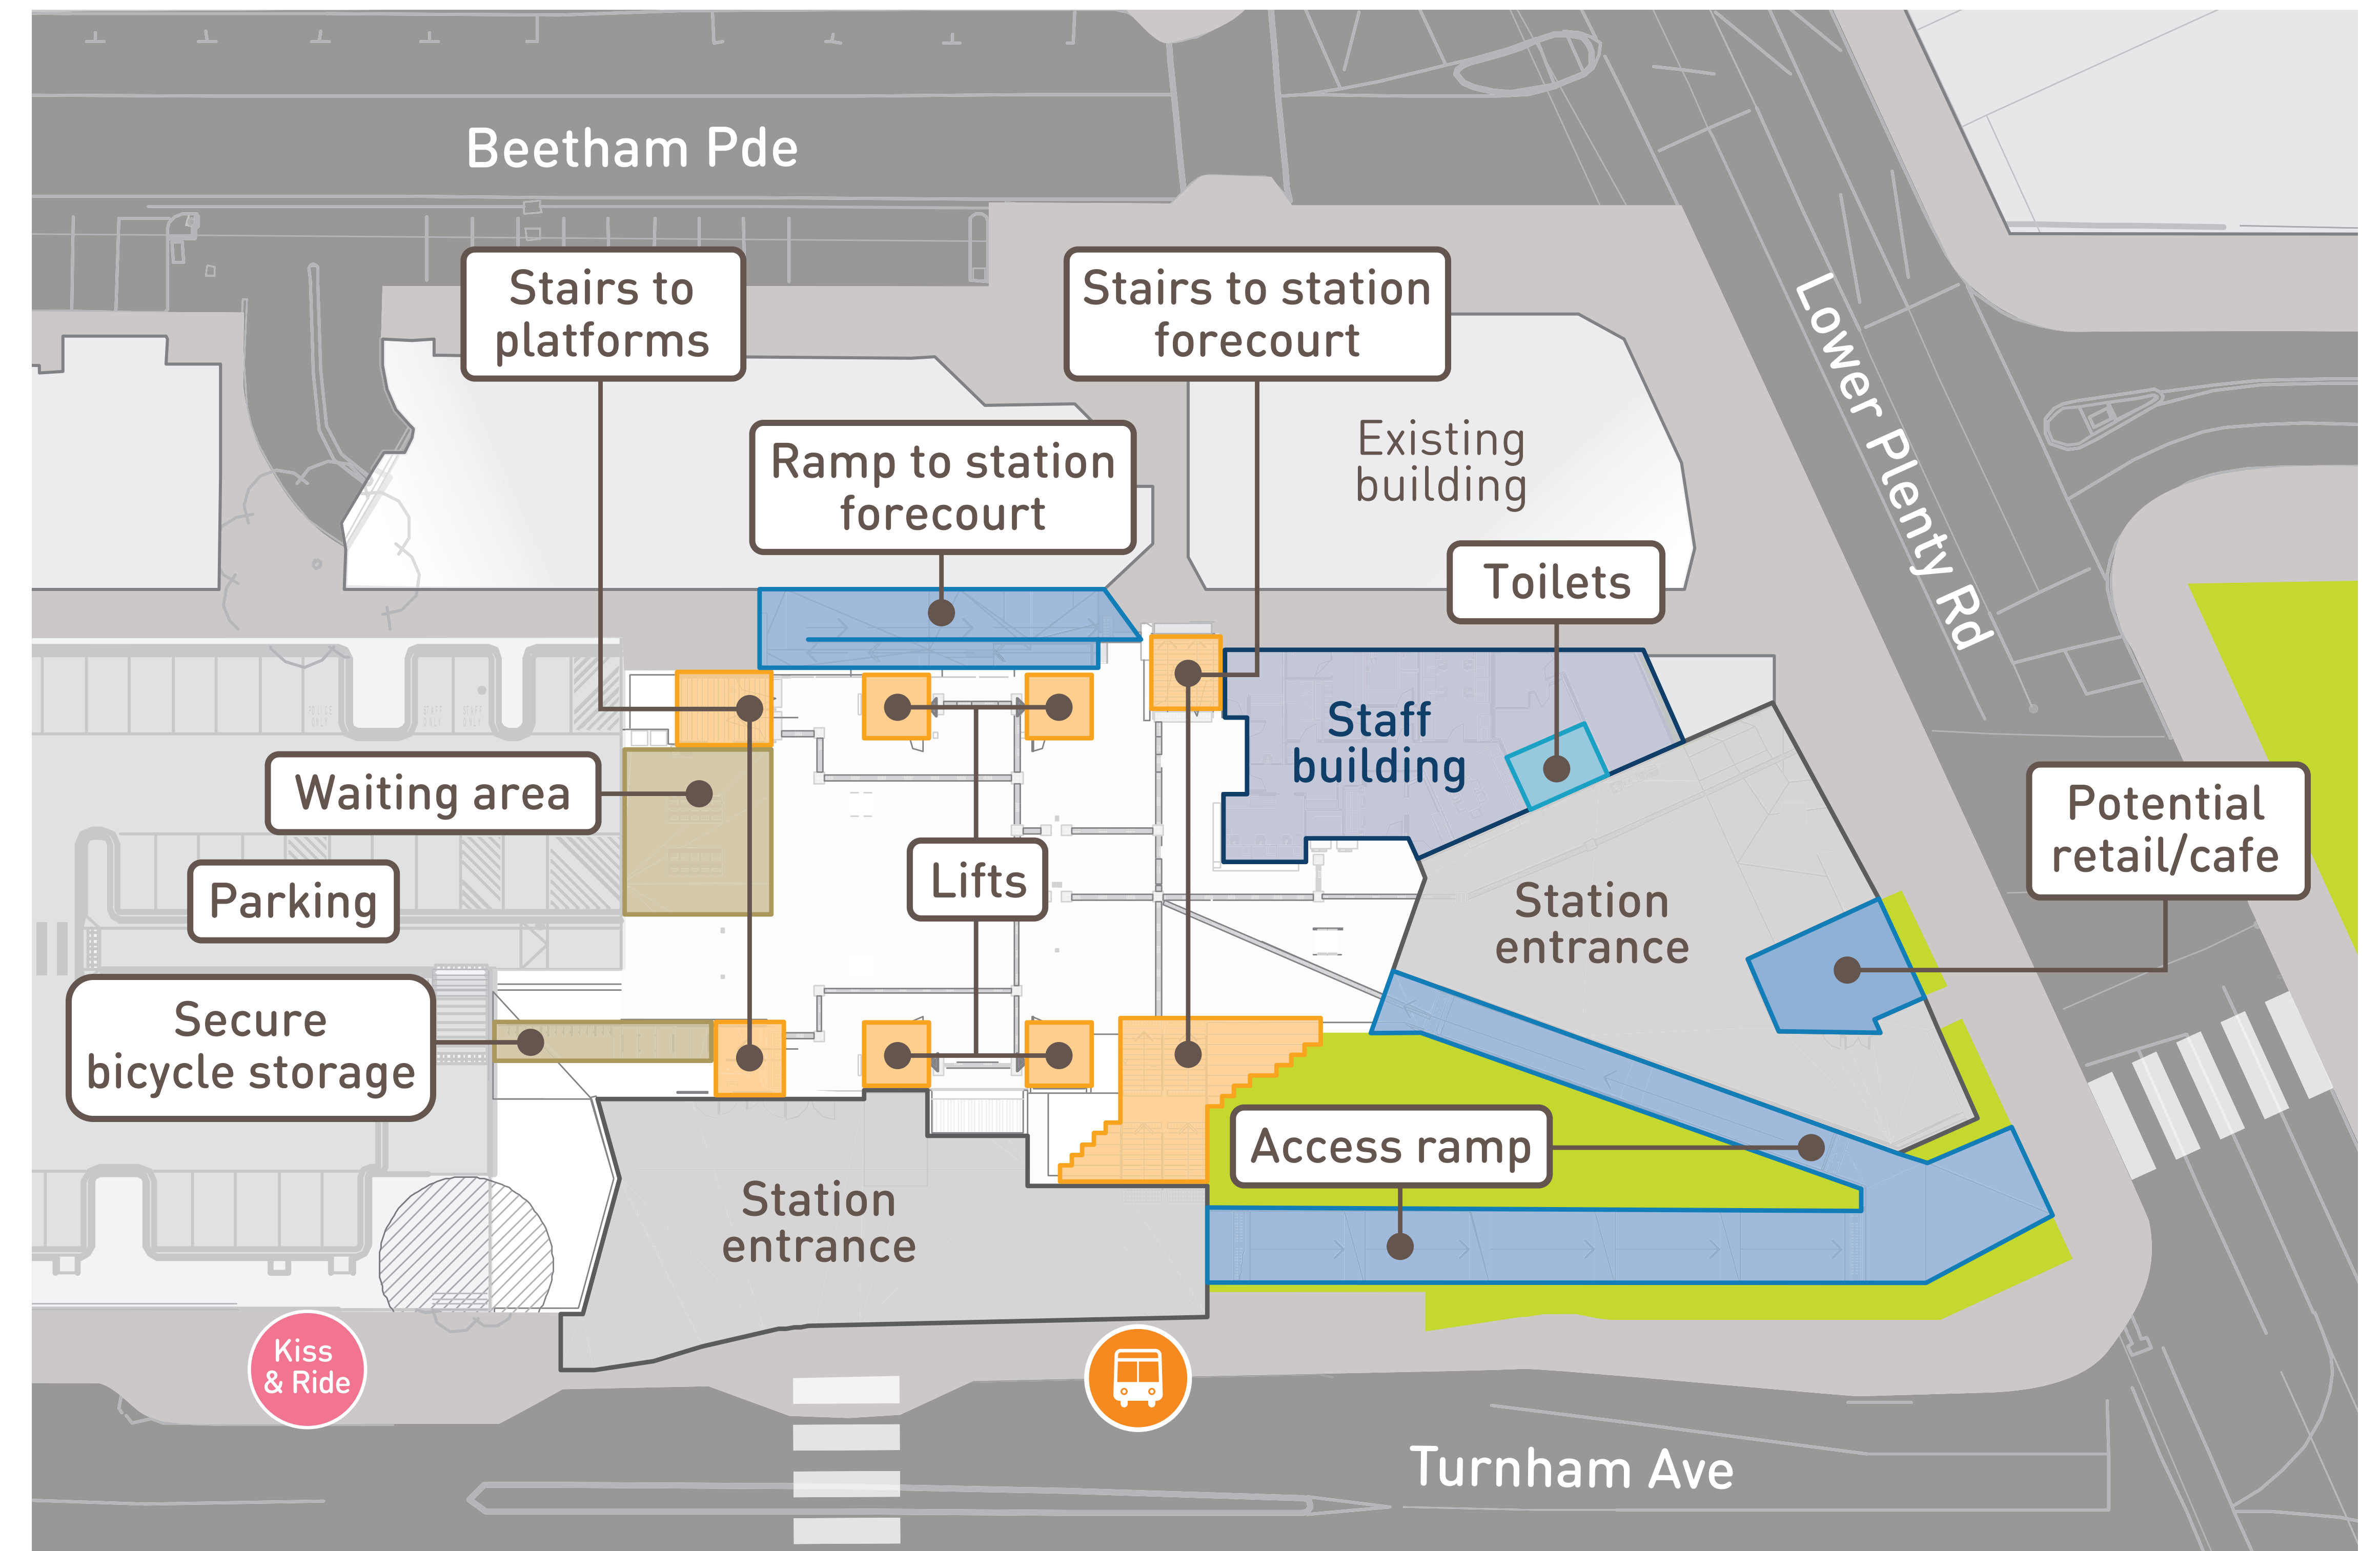

When the new Rosanna Station opens on Thursday 7 May it will become a Host Station, with staff available from 6.30am–10.30am on weekdays.

There are two entrances currently available, one at Lower Plenty Road and the other one at Beetham Parade near Subway.

While the station is now open, temporary arrangements are in place as work continues around the station precinct. Until mid-2018, we'll be completing the fit out of the waiting room and kiosk, as well as the architectural finishes on the station walls and canopies. Work will also continue around the ramps and lifts, the station parking facilities and landscaping.

Designed with improved accessibility, safety and connectivity in mind, once finished the new station will include:

- A new retail space and forecourt accessible from either side of the station
- Safer waiting areas, better lighting and CCTV cameras, and toilets
- In addition to stair access, there will be ramps for entry to the forecourt and lifts to platforms
- Secure bicycle storage, new bicycle paths, safer walkways and pedestrian crossings that provide connections to the Rosanna Village shops, Rosanna Library and Rosanna Parklands
- New bus stops with digital displays for rail and bus information
- New car parks with larger car spaces with no reduction in the number of car parks
- A designated 'Kiss & Ride' area.

Please note: all ramps and access are compliant with *the Disability Discrimination Act 1992*.
